Association have added to the asylum building a spacious wing, and materially improved the main building, thus making the accommodations for the health and comfort of the inmates as ample and perfect as that of any other similar institution in this country. Several rooms in the new wing have been arranged for an infirmary. These rooms are well-ventilated and complete in their appointments, and in case of severe or contagious disease the patients can be separated from the rest of the household. The entire cost of these additions and im-

provements was \$7,289, much less than it could have been done for at any other time. This Association has been the recipient of several handsome legacies within the past few years. These legacies have been pruintion. The income of the Association for The principal has been carefully kept in-

Male Orphan Asylum. This institution was organized in 1846, and is the only asylum for orphan boys in the city. It has a superintendent and two teachers. The boys attend the Sabbath schools of the different Protestant denominations in the city. The asylum is situated just beyond the western limits of the city, and has several acres of ground attached to it, which supply the boys with abundance of vegetables. Besides study, the larger boys employ part of their time in cigar-making. The factory, established two years ago, is still in operation, with increased facilities, andibut for the depressed state of the narket, would aid considerably in the suppor of the asplum. It has been found netessair to reduce the number of boys to fifty for want of funds. Asmeny as sevendy-tive have been accommodated at one time, and one hundred could be seared for now were the income sufficient. Most of the loys at present in the asylum are 200 young to be put out. Quite a number-and, indeed all the larger ones were put out last Year. The Society needs funds, and donalions of any kind from town or country will be thankfully received. previous year, but the managers were cheered and encouraged by the interest eviaced from the visits of many strangers. An endowment fund has been also begun. and has grown by degrees. A second pound of silver coin was brought to the poundparty by the same generous friend of last year, and that also helped the endowment fund, which now amounts to \$197.

There were four applications during the past year for a residency-only one from Virginia. All were rejected.

The Home has now eight inmates; and as it is open to inspection from visitors every day after 12 o'clock the sight of the contented bome-life as seen there will satisfy any one who may doubt that the Home is a blessing to the State and the city. The following are the Board of Managers:
